Members agree to pick up your shares on Monday, 3:00-6:00pm, at The Jewish Community Center of Syracuse. You are always welcome to visit the farm to check out how things are growing. Carpooling or taking turns with neighbors is encouraged!

Members understand that this is a community supported agreement and that farming carries with it numerous risks, which need to be shared by the whole community. Dependence on weather and other natural events can alter the availability and quality of the produce. However, I look forward to sharing in the bountiful rewards of locally and richly grown produce.
